

TENDER NOTICE
FOR

**Capacity development Programmes for DISCOMs and State Nodal agencies on Rooftop Solar
Deployment, Grid Integration, Installation Quality, Safety and O&M Practices**

Background:

India is undergoing a significant transition toward a sustainable and low-carbon energy system. Innovation and entrepreneurship play a crucial role in accelerating the adoption of clean energy technologies and solutions. Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), in collaboration with the Center of Excellence in Andhra Pradesh, intends to organize a Clean Energy Innovation Hackathon to encourage innovative solutions addressing challenges in the renewable energy sector.

Objectives:

The objective of this assignment is to design and deliver a One-day capacity-building programme for state nodal agencies and DISCOM's engineers, renewable energy cell representatives, utility managers, and nodal officers to strengthen their technical and operational capacities for facilitating large-scale rooftop solar deployment across India. The programme shall focus on policy and regulatory frameworks, utility approval processes, technical design and sizing, installation quality, safety standards, grid integration, operation and maintenance practices, and lessons learned from successful rooftop solar programmes implemented by Indian and international utilities.

Note: At least 50% of the training programme shall be dedicated to practical learning components, including hands-on exercises, utility experiences, demonstrations, simulations, and real-world case studies. The Consultant shall clearly indicate, in its technical proposal, the proposed practical exercises and example case studies for each training session/module, demonstrating how these will support the intended learning outcomes.

Tasks of the assignment:

- Development of training materials for training programs
- Implementation of 30 one day Training Programs for Discoms and state nodal agencies

Please refer to the bidding conditions and follow the instructions carefully.

The detailed documentation with regards to this call for proposals includes:

1. The Terms of Reference for the Assignment
2. The Grid for assessing eligibility of firms & Compliance declaration
3. The Technical Evaluation Grid
4. Bidding Conditions
5. Financial Template & CO2 Offsetting Guidelines
6. The General Terms & Conditions of Contracts

Tender timelines:

- **Deadline to receive queries:** **20.07.2026**
- **Clarifications to the queries to be uploaded on web portals:** **23.07.2026**
- **The deadline for submission of proposals:** **03.08.2026 ; 11:59 pm**

It is construed that all the terms and conditions of the tender package are acceptable and agreed upon by the participating company. No negotiations/changes to the GTCC shall be acceptable at a later stage.

GIZ reserves the right to cancel/modify this tender and /or reject a bid document including subsequently a technical and financial proposal, without assigning any reasons.
