

TENDER NOTICE
FOR
Consultancy services for a comprehensive Pre-Feasibility Assessment for the Rejuvenation and Climate-Resilient Multi-Functional Development of the Kotha Cheruvu, Rudaram-Isnapur Municipality, Telangana

Background:

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is implementing the project "Sustainable Urban Development - Smart Cities II" (SUDSC II) on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ). The project supports the Ministry of Housing and Urban Affairs, Government of India, and the partner state governments of Assam, Karnataka, Kerala, Odisha, Tamil Nadu, and Telangana in developing resilient, sustainable approaches and solutions for sustainable urban development by considering disaster risk management, leave-no-one-behind (LNOB) and including aspects of gender.

The project aims to enhance the capacities of Indian cities in adopting Sustainable, Integrated, Risk-Informed, Resilient, and Inclusive Urban Development with a focus on gender responsive and transformative approaches. Based on consultations with key partners, a requirement sought for undertaking a **comprehensive Pre-Feasibility Assessment for the Rejuvenation and Climate-Resilient Multi-Functional Development of the Kotha Cheruvu, Rudaram-Isnapur Municipality, Telangana**. The study will explore pathways for transforming a degraded lake system into a multi-functional blue-green asset that delivers ecological restoration, groundwater recharge, disaster risk reduction, public open space, and carefully assessed livelihood-supporting and revenue-generating uses, consistent with environmental regulations and social safeguards.

Objectives of the assignment:

- i. Prepare concept designs based on feasibility assessment of Isnapur Lake for technical readiness, resource and availability, site suitability, market assessment and revenue projections
- ii. Develop capacities of the concerned officials to implement Climate-Resilient Economic Zones across the city for enhancing climate resilience and supporting sustainable urban development.

Please refer to the bidding conditions and follow the instructions carefully.

The detailed documentation with regards to this call for proposals includes:
