

**TENDER NOTICE
FOR
Supporting development and dissemination of capacity building measures on
advanced data analytics and visualisation for risk-informed decision-making**

Background

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is implementing the project "Sustainable Urban Development - Smart Cities II" (SUDSC II) on behalf of the German Federal Ministry of Economic Cooperation and Development (BMZ). The project supports the Ministry of Housing and Urban Affairs (MoHUA) and the partner State Governments (Karnataka, Kerala, Odisha, Tamil Nadu and Telangana) in resilient, sustainable approaches and solutions for urban development including infrastructure that consider disaster risk management and the leave-no-one-behind (LNOB) principle. It also supports five Smart Cities (Mangaluru, Kochi, Bhubaneswar, Coimbatore and one city in the State of Telangana) in implementing concepts of risk-informed, integrated, resilient and sustainable urban development.

Further, the project intends to address sustainable urban development through four components: a) Policy Advice: supporting the implementation of regulatory planning frameworks for resilient and sustainable urban development, that considers disaster risk management and leave no one behind, b) Capacity Development: strengthening of capacities of relevant stakeholders and institutions on resilient and sustainable urban development, c) Innovative Projects: introducing open innovation and data-driven decision making in risk-informed, inclusive, resilient and sustainable urban development, d) Knowledge Exchange: fostering knowledge networks to foster peer-to-peer exchange on relevant subjects to promote sustainable urbanisation. The project is working in five partner states of Tamil Nadu, Karnataka, Kerala, Odisha and Telangana.

Please refer to the bidding conditions and follow the instructions carefully.

The detailed documentation with regards to this call for proposals includes:

1. Terms of Reference for the Assignment
2. Grid for Assessing Eligibility of Firms & Legal Inferences
3. Technical Evaluation Grid
4. Bidding Conditions
5. Financial Template & CO2 Offsetting Guidelines
6. The General Terms & Conditions of Contracts
